
ICLP 2008

24th International Conference on Logic Programming

Udine (Italy), December 9-13, 2008

http://iclp08.dimi.uniud.it

Conference Scope

Since the first conference held in Marseilles in 1982, ICLP has been the premier international conference for presenting research in logic programming. Contributions (papers, position papers, and posters) are sought in all areas of logic programming including but not restricted to:

* *Theory*
* *Implementation*
* *Environments*
* *Language Issues*
* *Related Paradigms*
* *Applications*

General Chair
Agostino Dovier (U. Udine)

Program Chairs
Maria Garcia de la Banda (Monash U.)
Enrico Pontelli (New Mexico State U.)

Workshops Coordinator
Tran Cao Son (New Mexico State U.)

Doctoral Consortium Chairs
David Warren (SUNY Stony Brook)
Thom Schrjivers (K. U. Leuven)

20 years of Stable Model Semantics
Mirek Trusczynski (U. Kentucky)
Andrea Formisano (U. Perugia)

Programming Contest
Bart Demoen (K. U. Leuven)

Important Dates

Workshop Proposal	June 2
Abstract Submission	June 2
Paper Submission	June 9
Paper Notification	August 1
Poster Submission	August 15
Poster Notification	Sept 1
Camera Ready	Sept 15
